Plexcom ADSL - Broadband for Small Business

Service Overview

Plexcom ADSL comes in two flavors; ADSL & ADSL NPS (no phone service).

Business ADSL

Our Business ADSL offering rides your existing phone line, from the phone company, to deliver Internet service. This is a great way to get your business connected to the Internet quickly, at high speed for an economical price point. Business ADSL is an always-on high speed internet connection.

Business ADSL NPS (No Phone Service)

For those customers who use Voice-over-IP phone service or cellular phones as their primary phone service, our ADSL NPS option may be the best choice. ADSL NPS is a dedicated line for Internet delivered to your business location without the need for landline phone service to receive ADSL Internet service. Business ADSL NPS is an always-on high speed internet connection . ADSL NPS is perfect for small companies that don't require land line phone service, but need the speed and reliability of DSL service.

What is better about ADSL from Plexcom?

Plexcom ADSL delivers affordable high-speed connectivity to small business, branch offices, home offices, and telecommuters. With Plexcom DSL, you get fast, efficient Internet access and quick downloads of email and large files, and best of all you'll receive the down home customer support you deserve. Select the package that meets your needs. With choices that including blazing fast speeds of up to 6.0 Mbps downstream and 768 Kbps upstream, Plexcom has the speed you need.

Business ADSL Broadband Internet Access

Service	Speed	Term	Monthly	Installation
Small Business	up to 1.5mbps/384kbps	1 Year	from \$69.95	free on self install
Business Plus	up to 3mbps/384kbps	1 Year	from \$75.95	free on self install
Business Pro	up to 6mbps/768kbps	1 Year	from \$95.95	free on self install

All bandwidth speeds are best effort and are not guaranteed speeds. Service may not be available in all areas. Pricing does not include taxes and equipment charges.

Customer Service

When you choose Plexcom, you choose a company that knows the importance of your time and customer service. In the rare event you have a problem we will work as quickly as possible to get your service up in as little time as possible. With Plexcom you will get the customer service you deserve. We truly are a part of your team!

Installation of Equipment

Depending on which service you sign up for, installation options may vary. With Business ADSL NPS, a Plexcom certified installer must install the equipment because a new dedicated line will be run to your office for Internet connectivity. Then the installer will confirm that your Internet connection is up and running so you don't have to worry about a thing. However, with Business ADSL, you can choose between the self install kit or professional installation. Self Installation is simple with our easy to follow instructions but if you need assistance, just give us a call. Self Installation usually only takes about 30 minutes. However, if you prefer, we can professionally install your service for an additional fee.

Email Accounts

Not only are you getting fast and reliable internet service, but your DSL service also comes with 5 or 10 Email accounts, depending on which service you sign up for. ADSL 1.5 comes with 5 email accounts. ADSL 3.0 and ADSL 6.0 both come with 10 email accounts.

30 Day Trial

Order DSL from Plexcom and try it for 30 days. If you are not completely satisfied with the service, Plexcom will refund installation, equipment, and monthly service fees without additional obligation for the service agreement. Equipment must be returned to Plexcom within 30 days to qualify. Some restrictions may apply.

Why Plexcom Networks?

Plexcom's motto: We're more than a service provider. We're part of your team. It's not just a sales pitch it's the way we conduct business. We help you choose the services that will best benefit your business and back it up with support that you could only receive from a member of your team.
